**WHEN YOU BUY
YOUR NEW HUE TEETH FROM
L. D. CAULK**

OF COURSE, you are getting teeth representing the ultimate in modern ceramic skill . . . teeth endowed with a subtle, delicate naturalness and rugged functional dependability that make every restoration a true expression of your inherent prosthetic artistry.

That, precisely, is the reason why we stock and unreservedly recommend these teeth.

But you're getting more, too . . . for you're getting the benefit of our Teeth Service. You're dealing with Teeth Department personnel whose long and faithful years of assisting discriminating dentists enable them to speak your language — to understand your specific needs and to fulfill them promptly, accurately and courteously from a tooth stock that's always maintained at a highly efficient level.

Teeth like New Hue deserve a Teeth Service like ours. Both are unsurpassed, and there's no substitute for either!

Contributions: Manuscripts should be typewritten, double spaced, and the original copy should be submitted. Every effort will be made to return unused manuscripts, if request is made, but no responsibility can be accepted for failure to do so. Anonymous communications will receive no consideration whatever.

Manuscripts and news items of interest to the membership of the Society are solicited.

Forms close on the first and fifteenth of each month. The early submission of material will insure more consideration for publication.

Published semi-monthly by the Chicago Dental Society. Publishing, Editorial and Advertising Office: 30 North Michigan Avenue, Chicago 2, State 7993. Annual subscription \$2.50; single copies 15 cents; circulation 6,000 copies.

THE CALENDAR

- October 21:** CHICAGO DENTAL SOCIETY: The first regular meeting will be held in the North Ballroom of the Stevens Hotel at 8 p.m. The essayists on this program of Practical Full Denture Construction will be James H. Pearce and W. Howard Kubacki. Following their presentations, table clinics will be presented by J. R. Carlton, William Roy Eberle, Carl W. Gieler, Harrie L. Hall, LaMar W. Harris and LeRoy E. Kurth.
- October 21:** WEST SIDE FORUM: The first meeting of the Forum will be held Tuesday at 12:00 o'clock noon at Madigan's Restaurant, 3936 West Madison Street. One of the officials of the Veterans Administration will be the speaker.
- October 28:** PSI OMEGA FRATERNITY: The Chicago Alumni Chapter will hold its annual business meeting and election of officers at the Illinois Athletic Club at 8 p.m.
- November 3:** WEST SUBURBAN ROUND TABLE: The Round Table will meet at the Oak Park Club at noon. Wallace Kirby of Downers Grove will speak on "Presentation of Dental Service."
- November 4:** KENWOOD-HYDE PARK BRANCH: A joint session of the Northern Indiana and Kenwood-Hyde Park Dental Societies will meet at Vogel's Restaurant, Indianapolis Boulevard and Wolf Lake at 6:30 p.m. Edward J. Ryan will give an address on "The Psycho-Biologic Aspects of Dental Practice."
- November 11:** WEST SIDE BRANCH: The regular meeting will be held at the Midwest Athletic Club, Madison Street and Hamlin Avenue. LeRoy Kurth will give his second lecture of the postgraduate course on "Full Denture Construction" beginning at 6:00 o'clock.
- November 12:** NORTH SUBURBAN BRANCH: The annual Clinic Day will be held at The North Shore Hotel, Evanston. Limited attendance clinics will be presented at 10:30 a.m. and again at 3:30 p.m. The clinicians will be Kenneth Bignell, Philip J. Modjeski and Francis J. Pelka. Those desiring to attend these clinics should send their applications to Dr. Russell H. Johnson, 333 Park Avenue, Glencoe, enclosing \$1.00 for each clinic.

The Dental Care Program of the Veterans Administration

VA Confesses Difficulties

Editor's Note: The following statement has been received from the department of Public Relations of the Veterans Administration. It is published herewith in its entirety.

Feeling that a frank explanation is due the dentists of Illinois who are participating in the Veterans Administration's outpatient dental program, officials of the Chicago Branch Office #7 have volunteered the following statement:

For many months now, ever since the Veterans Administration launched its post World War II dental program, there have been flaws and faults that, to all appearances, defied logical explanation. During those months, many of you wrote our several offices requesting information, both for yourselves and for your veteran patients. In some instances, you either received no answers at all, or you received vague meaningless answers that you hesitated to pass on to your patients because they failed even to satisfy you and proved sources of embarrassment when you tried to repeat them.

The time has now come to "remove the wraps" and translate the "official jargon" in order that the decks may be cleared and all of us start anew. This is absolutely necessary if we are to work as a team, you, the dentists of Illinois, and we, officials of the Veterans Administra-

tion, to insure to the honorably discharged veterans of this State the dental service and treatment guaranteed to them by the Congressional representatives of a grateful nation.

"Dental treatment second to none" is our goal, and we will not be satisfied until that goal is reached. YOU play a vital part in the approach to that goal.

The plain facts of the case are these:

1. At the outset of this program, no one anticipated the large number of dental claims that were later to be filed. Our offices were not geared to handle this volume of business, and, as a further consequence of this,

2. There was not, until recently, sufficient funds available to finance this program.

We, of the Veterans Administration, were enjoined by customs of the service from admitting to you or anyone else that, because of lack of funds and personnel, we could not render this essential service to veterans.

It was not until Tuesday, September 23, 1947, that this condition became so pronounced that we felt we could no longer temporize, and that it was time we told you the facts.

It was on that same evening of Tuesday, September 23, 1947, that our officials, together with a Central Office representative, met with your officers in

the offices of your society in Chicago for the purpose of laying these facts before them. Your officers were also asked to assume, on your behalf, your proportionate share of responsibility for the success or failure of this program. To implement your sharing of this responsibility, they were asked for concrete suggestions which this Central Office official could carry back to his superiors in Washington.

Principally among those suggestions were: 1. Make sufficient funds to finance this program in this area available at once. 2. Make additional assignments of personnel to the Dental Service of VA offices in this territory to process dental applications then pending.

These suggestions were delivered in person to Central Office officials, and the response was both immediate and gratifying. Additional funds were transmitted to the Chicago Branch Office within a matter of hours. These funds were, in turn, sub-allotted to Regional Offices within this area, and the big push was on.

Today, and every day hereafter until the last dollar is spent or until the last pending application is authorized, whichever occurs first, dental personnel in our Illinois Regional Office are working with heretofore unbelievable speed and zeal to transmit every veteran's case, properly authorized, to you, the participating dentists of Illinois.

It is impossible for us to visit with each and every one of you to express our appreciation for your patience during the preceding months or for the loyalty and zeal which we know you will demonstrate during the trying months ahead. We know that what has been a backlog in our Regional Office may very well become a backlog in your own offices, for we are not unaware of the already heavy practices which most of you enjoy.

But we have expressed these sentiments to your officers, and they, in turn, have expressed the belief that each of you will tackle this problem in your characteristic manner and that the veterans of Illinois will be cared for in your usual highly proficient and professional manner.

Allow us to say to each of you, through

the medium of your journal, that we are grateful. We are viewing the future with a degree of confidence fully equal to the degree of chagrin with which we view the months just past.

RESPONSIBILITY OF THE PARTICIPATING DENTIST

The Veterans Administration has adopted the policy that, where VA dental clinic service is not feasibly available, all veterans entitled to out-patient dental care at the expense of the VA have free choice of dentists participating in the program.

The VA has approved the policy of appointing on a fee basis all ethically and professionally qualified dentists who wish to render dental service to veterans. The responsibility of the participating dentist does not end with his appointment. There are certain administrative procedures required by law which, if conscientiously followed, will expedite, not only treatment to the veteran, but payment to the participating dentist for professional services rendered. Major steps in this procedure are:

1. When a veteran contacts you for information on how to obtain dental service through the VA program, advise the veteran to contact, either in person or by letter, the nearest VA office, and to furnish his full name and address, his service serial number, dates of enlistment and discharge, rank and organization at time of discharge, date of birth, and "C" number if known.

2. When you receive an authorization for a dental examination by the referral of VA Form 10-2570, Dental Examination, Treatment and Authorization Record, take immediate steps to advise the veteran as to the date and hour to report to your office for this examination.

- a. At such time as the veteran reports, detach copy 7 for use as a work sheet and as a permanent record in your file of your professional examination. At such time as your diagnosis has been completed, transcribe your findings (use indelible pencil

EDITORIAL

"EVERYBODY BENEFITS WHEN EVERYBODY GIVES"

Beginning this week, the annual Community Fund drive gets under way. The goal is high for it will take over \$7,000,000 to finance the 192 health and welfare agencies in Chicago which constitute the so-called Red Feather agencies.

The Chicago Dental Society is participating in the drive again this year through its Community Fund Committee headed by Jules LeGrand and Byron May, and with representatives in each of the Branches. Every member of the Society will be contacted and the Committee urges that contributions be held for the Society solicitor so that the Chicago Dental Society will receive the credit.

It goes without saying that, even in days like these, the need is great. Trouble hits a horde of families every day in a city as large as Chicago. Homeless children need foster homes. Sick people must have clinics and hospitals and nursing care. The handicapped need employment training so that they can lead useful lives again. Active teen-age boys and girls need decent places to play. Toddlers whose mothers must work need nursery care. Old people need a place to live and someone to look after them.

The dental profession in Chicago and its suburbs has never achieved a particularly good record in participation in community enterprises. It is hard for the laity to understand this. They know that most dentists make a far better than average living and yet when the chips are counted, theirs are not among them. The medical profession, on the other hand, is much more generous despite the fact that its members give their services to charitable institutions in far greater proportion than do the members of the dental profession. If every member of the Chicago Dental Society will do his part, even in a small way, our Society can earn a place in the front rank of participating organizations where it rightfully belongs. "Everybody Benefits When Everybody Gives."

HEALTH SERVICE

The Hospital Survey and Construction Act, passed by the 79th Congress, calls for grants-in-aid to States to the tune of \$75,000,000 for four successive years for hospital construction. A companion bill, passed by the Illinois Legislature at its last session, appropriated over \$4,000,000 for the current biennium, for the same purpose. This, at first glance, seems like a lot of money, but when one considers that it costs \$1,500,000 to construct one 100 bed hospital and that Illinois is some 40,000 beds short of requirements—at second glance, it is merely a drop in the bucket.

Of interest to the dental profession are the specifications in the federal Act that call for the installation of 2 chair dental units in all tuberculosis, mental and chronic disease hospitals constructed under the Act. This is a forward step and means that dentistry, at long last, has received recognition as an important health service.

Retrospection

A Review of Our Disability Insurance Plan

On September 5, 1945, your Board of Directors announced the endorsement of a broad plan of Accident and Sickness Insurance for the active members of this Society. Today, as we approach the completion of two full and successful years of operation under this program, a recapitulation of how this program came into being and what it has done for us is in order.

The need of a disability insurance plan had been evident for quite some time, but a plan that would measure up to our requirements was not available until the summer of 1945. Prior to this time many policies issued by various companies had been studied not only by our Insurance Committee, but by competent legal, educational, and insurance counsellors and advisors. None of the plans submitted fitted our specifications. The Standard Accident Insurance Company of Detroit, Michigan, presented their proposal which incorporated the vast majority of the salient features we were desirous of obtaining and that program was endorsed and presented to the membership for adoption.

During the initial enrollment period conducted in September and October, 1945, the "need" of such a program was enthusiastically expressed as a "want" for over 55 per cent of the eligible members enrolled during this period. Since that time many others have applied for the coverage and the acceptance by the insurance company brings the participation to date up to 70 per cent.

Due to many requests for coverages that would extend the length of time for payments under weekly income and increased benefits for accidental death, dismemberment, and weekly income, two supplemental policies were prepared specifically for our use by Huntington & Homer, Inc. The Michigan Life Insurance Company of Detroit, Michigan, underwrites these policies which allow all active members of our Society, who are

insurable risks and subscribe to the official group plan as underwritten by the Standard Accident Insurance Company, the privilege of securing lifetime benefits and an additional principal sum up to \$5,000.00 and additional weekly income in amounts of \$25.00, \$35.00, or \$50.00 per week. These supplemental policies contain the same broad benefits as are contained in the Standard policy, i.e., non-cancellation, in force to age 70, etc.

Claim payments have run well into six figures to date and there has not been one serious complaint relative to the amount paid or the manner in which the settlements were effected. Several members have been receiving payments since a few days after the plan went in force on November 1, 1945, and are still being paid—many more have, and are, receiving their checks regularly for prolonged periods of disability and still more have derived the benefits for less severe, but nevertheless costly, accidents or illnesses.

Since November 1, 1945, this plan has been closed to all members age 60 or over; those under age 60 showing satisfactory evidences of insurability have been admitted. New members and returning servicemen have always been granted the privilege to accept the plan regardless of physical conditions, provided they made application within 60 days of their membership, or within 60 days of their return to active practice in the case of servicemen. If application is made after this 60 day period the insurability requirements are imposed.

On July 30, 1947, all members not currently insured in the program were advised by the Secretary of the Society that the Board of Directors announced a change in the maximum age limit for acceptance into the plan. Effective November 1, 1947, no member age 50 or over will be privileged to make application under any circumstances. This action was taken after careful consideration

(Continued on page 25)

NEWS OF THE BRANCHES

WEST SUBURBAN

On November 3, the Round Table will meet at the Oak Park Club at noon. The speaker at the meeting will be Wallace Kirby of Downers Grove. His subject will be "Presentation of Dental Service." Dental assistants are welcome. Let's all try and make it! . . . Richard A. Anderson has recently become the proud father of a boy. . . . Jim Betty has again started to do a little teaching at Northwestern University Dental School. . . . Weston Olson is all set for the bowling season. We caught him doing a little practicing on the side. . . . Al Kunchl has returned from a weekend visit to Minocqua, Wisconsin. . . . Karl von der Heydt is in charge of the dental section of the Community Chest. His helpers will appreciate it if the members will have their donations ready when they are called upon to subscribe. . . . West Suburban welcomes back one of its former members, Bob Mulholland, who, after spending a number of years in the Army, has taken over the office of the late Daniel Vertuno. —Robert W. Wirth, Branch Correspondent.

WEST SIDE

When you read this column our first meeting of the season will be a past event. . . . Irving Fishman will cover that gala event for you in the next issue of the Review. . . . William Gubbins, our President, together with the various committee chairmen, have arranged for six interesting, instructive and entertaining meetings for us this season. Due to Lewis Weinshenker's manipulating ability, we are again meeting at the Midwest Athletic Club, located at Madison Street and Hamlin Avenue. Be sure to come out, boys, to enjoy yourselves. . . . Our next meeting night is scheduled for Tuesday, November 11. . . . Dr. LeRoy Kurth, a

Northwestern graduate, will give his second lecture of the postgraduate course on "Full Denture Construction" beginning at six o'clock. He is a man of considerable experience in his field and well worth hearing. . . . Dinner will be served at seven o'clock. . . . Thanks again to Lewis Weinshenker, as his smile will again win the cooks and bring excellent results. Al Sells, our Program Chairman, will secure a good guest speaker. Al does all things well, you know. . . . The FORUM will be revived this year under the able leadership of George Barnes. Each month a luncheon meeting will be held the first and third Tuesday, at 12:00 o'clock noon, at Madigan's Restaurant, 3936 West Madison Street, second floor. The first meeting will be held October 21. George has secured a speaker from the Veterans Administration for this first meeting. . . . Among those from the West Side Branch attending the Chicago Dental Society Golf Meet at Acacia Country Club last Wednesday were John Reilly, Franklin Nienstedt, Robert Tuck and William Gubbins. . . . The Lawndale Dental Club held its first meeting since the close of the war, October 7, with the following men officiating: Frank Bezkostny, president; Jessy Owen, secretary and treasurer; Herman Nedved, chairman of Program and Entertainment. . . . Our latest retired correspondent, Maurice Berman, attended the Peoria meeting where he played a little golf and viewed the countryside. . . . We are glad to report that Sid Berteau is very much improved at this time. Sid, you know, is to be commended for his contributions toward winning the last war in that he donated blood a great many times to the blood bank. We hope that this was not a predisposing cause to his recent illness. . . . Leonard Gelfond is a father for the second time. Another girl. . . . Mike DeRose gave a clinic on "Diagnosis of Periodontal Diseases," at the state meeting in

Peoria. . . . James Dillon is sporting a brand new Olds that he won at an American Legion convention in Michigan.—*Irvin C. Miller, Branch Correspondent.*

NORTH SIDE

Well, if you attended our last meeting you're happy; if not, don't say I didn't warn you to be there. Better scratch off Monday night, December 1, for our next one. . . . H. M. Glass, Chairman of the North Side Bowling League, invites all interested members to come to the first bowl of the season, prepared to play. Games will be played at the Bowling Lanes, 5221 North Broadway, Wednesday, November 5, at 1:30 p.m. . . . Kelsey C. Peterson was vacationing in New York last month. . . . Willard J. Goldring has opened a bungalow office at Marengo, Illinois, with a physician. . . . We are sorry to report that Edwin B. Irwin lost his dad recently. North Side extends its sympathy. . . . Daniel M. Kreger was in Wisconsin, fishing, about a month ago. . . . Samuel M. Breger's luck has all been good lately. He bought a new Pontiac, bought a new home, and his five year old son is recuperating nicely after an appendectomy. . . . Our roving reporter states that the following were in the Golf Tournament at Mission Hills: Wilbur S. Smith, Clarence Heamon, Maurice Hubbell, Laverne Penberthy, Lee Simons, Earl Lux, Joseph Cox, Richard Scranton and Elmer Baker. The scores haven't been chalked up yet. . . . Don't tell any one, but it is rumored that Harold Hutchinson is getting a new Pontiac from somewhere out of town. . . . Jules Berman has returned to the Operative Department at the University of Illinois. . . . We are pleased to report that Stanley D. Buckner, who was ill recently, has fully recovered. . . . Harper Hibbe enjoyed a three weeks vacation a short time ago. He went through the New England states via the White Mountains. . . . Paul Brown reports the arrival of his daughter, Joan, about three months ago. . . . L. C. Hibbard and family had a narrow escape while driving through the mountains in the East. An oncoming

car, driving down a steep incline at 45 per, took off one of their fenders, swerved over an embankment, and stopped from falling into the valley below by a jutting tree. . . . Some fellows have great expectations. Lester Trace, for instance, expects to be driving a new Plymouth soon. . . . Called Harold T. Blinks for a little news, but couldn't get a blink out of him. . . . William Semiloff, a native of Brooklyn, and a rabid baseball fan, has had a strenuous summer rooting for the Dodgers. . . . Frank G. Hess spent most of his spare time at Lake Minnetonka, near Minneapolis, this past summer. . . . E. B. Clearwater has bought the practice of Roy Wilson at Sandwich, Illinois. He will commute once or twice a week, until he disposes of his loop office. . . . Roy Wilson, a North Side Old Timer, is retiring to Florida. . . . A. F. and Charles P. Hoffman opened the fall volley ball season at the Wilson Y recently. . . . A. F. Wollin spent a few weeks at Lake Vermillion, Minnesota, this summer, but apparently he didn't play any golf. Playing with Harry Morrow and Wally Hoag at Acacia, he lost a buck to Hoag on a one foot putt. . . . Art Blim recently returned from a ten day tour of Denver, Colorado. . . . Basil Cupis says nothing happens around Broadway and Wilson any more. . . . Earl Grahn spent the month of August traveling through northern Wisconsin and Minnesota. He took a lot of colored moving pictures along the route. . . . After 11 years of married life, Joe Gordon took a second honeymoon to Glacier Park, Bamff, Lake Louise and home, via California.—*N. M. Elliott, Branch Correspondent.*

KENWOOD-HYDE PARK

Dr. Eddie Ryan will address a joint session of the Northern Indiana and Kenwood-Hyde Park Dental Societies on "The Psycho-Biologic Aspects of Dental Practice" on Tuesday, November 4. We are sure that Eddie will bring his usual fine message which have made him a much sought after and outstanding speaker of national prominence that he is.

I'm sure that all of us will be better prepared to deal with our patients after hearing him. The meeting will be held at Vogel's Restaurant, on Indianapolis Boulevard and Wolf Lake. There will be fish, chicken or roast beef served family style; so, bring your best appetites. Dinner will be at 6:30 p.m. . . . Scotty Morange, our Program Chairman, has plans for a Clinic Night for our December meeting. If plans go through, Kenwood will have one of those good old-fashioned Clinic Nights, covering all phases of dentistry, which are so helpful. . . . Ralph Libberton gave a full denture clinic before the Dubuque, Iowa, Dental Society on Saturday and Sunday, September 27-28. . . . Willard Johnson has bought himself a cabin cruiser (I think) and now is studying the scenic beauties of Calumet Lake and River. Better get that boat into Lake Michigan before you have to do a re-paint job, Willard. Happy sailing! . . . Saw Les Boyd, Otto Mast, M. Case, Harry Hartley, Louie Christopher, P. Mathisen and Roy Eberle at the Chicago Dental Society Golf Outing. Lee Whitson of Kenwood was Chairman, and he and his Committee did a swell job. . . . Louie Christopher, P. Mathisen, Roy Eberle and Les Boyd were prize winners. By the way, Les, I still have those two golf balls you won. Englewood, our neighbor, walked off with the President's Trophy. Congratulations to Bill Shippee and your boys. . . . By the time this reaches you the State Society meeting at Peoria will be history. A good many Kenwood boys will be there, led by our President, Harry Hartley, and President-Elect Bob Wells. A good meeting is expected. . . . Flash! . . . Just heard that Elmer Goldthorp has moved from his pleasant home on Paxton Avenue to a brand new one in Elmhurst, and has now become a suburbanite. Don't work too hard, Elmer, getting that house in shape, as well as the yard, but many happy hours and years of quiet suburban living. . . . Just to remind my news hawk associates that by October 1 vacation days are over, and big things in choice news morsels are expected. Nuff said! News will still be gladly accepted

by calling South Chicago 1823.—*Elmer Ebert, Branch Correspondent.*

NORTH SUBURBAN

First, may I take this opportunity to thank "Smiley" Parcell for his splendid assistance in taking over this column while I was away. This was especially kind of him, as he was in the middle of setting up his new office in the Church Street Building here in Evanston. . . . News seems a bit scarce, now that the vacation season is over. We did learn, however, that Stan Richards is taking his boat out of the water at Wilmette Harbor, after a very successful season of sailing. . . . Bommersheim and Bill Murray were up in Wisconsin for a short fishing trip. The weather was fine and the trip was uneventful, except that they almost hit a deer which was crossing the highway. Some boy proceeded to get himself lost on the last day of the trip, but our fisherman finally found him and towed him back to camp. . . . Ed Mitchell, of Main Street, decided to go back into the Navy. Ed will be stationed in Hawaii. This should be good duty, Ed, and we all wish you "Good Sailing." . . . Reports have it that Steinhart has discovered a new filling material. In fact, he discovered that his lab was full of concrete from the building that was being wrecked next door to his office. . . . The boys from Kenilworth have a pretty active "Study Club," and some of them will take part in the Annual Clinic Day of our Branch which will be held on Wednesday, November 12. A good day has been planned and a lot of time has been spent toward making it a success. The affair will be held at the North Shore Hotel in Evanston. Reports are that it will last all day followed by dinner in the evening. Those wishing to attend the Limited Attendance Clinics are to make application to Dr. Russell H. Johnson, 333 Park Avenue, Glencoe, Illinois, enclosing one dollar for each clinic they wish to attend. A more detailed description of the agenda for the "Clinic Day" will appear elsewhere in the

Review.—*R. J. DeWolf, Assistant Branch Correspondent.*

ENGLEWOOD

With the fall sessions in full sway, all the boys at Englewood are really in the swing of things. This was very evident from the turnout at our first meeting. However, our program chairman, Ed Wërre, is striving for bigger and better attendance—so let's get out. . . . Ray Marcus, one of our newer members, has just married Miss Polisky, daughter of Dr. Polisky who is a fellow dentist. This happy event took place on September 7. Good luck to both of you! . . . The inseparable C.C.D.S. boys, Piech and Petrizzi, are together again after having served in the armed forces. Their adjoining offices are at Fifty-fifth and Ashland Avenues. . . . Robert Ireland is now practicing in his bungalow office at 3418 West Fifty-fourth Place. The Irelands are going all out for dentistry. Bob's brother is taking a pre-dental course at Loyola. . . . Another newcomer to Englewood, who has opened his office on Archer Avenue near Richmond Street, is Bruno F. Ucen. . . . Victor Sietz has recently finished remodeling his office at Sixty-third and Kedzie. . . . Val Siedlinski is now in the process of planning an extensive trip to Florida and the Bahamas which he hopes to take in the very near future. Pleasant journey, Val! . . . Wcislo is now ably assisted by his daughter, Sylvia, who is serving as his assistant and receptionist. . . . Among some recently discharged veterans is Andrew Potempa now practicing at Archer and Karlov Avenues. . . . Just received a special that baby girl has arrived safely to Dr. and Mrs. J. L. Heinz on September 24, weighing 7 lbs. 13 ozs. . . . Thanks to all who contributed these news items. I refer you to your next correspondent who is Isaac B. Pomerance at 3156 West 63rd Street, Prospect 8588.—*T. B. Gasior, Assistant Branch Correspondent.*

NORTHWEST

At the present writing, the Yankee-Dodgers World Series and the Illinois

State meeting in Peoria occupy the spotlight. However, that is minor in contrast with things to come to the Northwest Side. For the November meeting to be held at Stella's Restaurant, Program Chairman, Fred Ahlers, will present the "Rover Boys." These much traveled conventioners, attendants of study clubs, clinics, and dental society meetings from coast to coast, will be our hosts for the evening. A splendor of dental knowledge, questions and answers, clinics and demonstrations all under one roof. A million dollars worth of dental information in one evening. What else can you ask for? By the way, a dinner will be reserved for you if you will call our dinner chairman, Casimer Rogalski, Pen. 6747. . . . A dainty baby girl dropped in at Arthur J. Wolski's household, on September 22, looked around and decided to stay. Arthur and Mrs. W. named her Sandra Lee. "Perfecto Garcia" is our favorite smoke, Art! See us at the next meeting! . . . Death and taxes are a certainty in this world. The Northwest Side Branch was saddened by the recent death of Lazarus Levin, who retired recently to take life easy in California. After six months of retirement he was called to his reward. . . . We are happy to hear of the rapid recovery of Dennis Lasota, son of that Fullerton Avenue warrior, Stanley Lasota, who underwent an appendectomy. Dennis is a senior student at St. Mel's High School. . . . M. Juel took off three weeks from his office duties and decided to visit the State of Texas. . . . B. B. Pawlowski and family toured the Northwest Wisconsin and returned via the east end of the Lake Region. Being a professional photographer, I'll bet your pictures turned out perfect, B. B. . . . No one from the Northwest Side scooped the Chicago Dental Society Golf Tournament at Acacia Country Club, but I hear the branch was well represented. . . . Gus Tilley was selected as Golf Chairman for the Chicago Dental Society Golf Tournament, come 1948. Let's give him a hand next year, boys! . . . At a recent Xi Psi Phi Fraternity Golf Tournament held at Mohawk Country Club, Chet Stypinski

THE DENTAL CARE PROGRAM OF THE VA.

(Continued from page 6)

or typewriter) on the face of the original VA Form 10-2570. Sign your name in the appropriate block in the heading of the form. Return the completed pocket of forms with x-rays to the VA office from which you received the authorization.

3. Upon receipt of authorization for treatment as outlined on VA Form 10-2570, Dental Examination, Treatment and Authorization Record (which has been revised), immediately advise the veteran as to date and hour to report to your office for initial appointment for treatment purposes.

a. At such time as the veteran reports, remove Copy 4 of VA Form 10-2570 which should be used as a work sheet until such time as all authorized treatment is completed and further retain this copy in your file as your record of professional services rendered.

b. Upon the completion of treatment, transcribe your record of services rendered (use indelible pencil or typewriter) on the face of the original VA Form 10-2570. Sign your name in the appropriate block in the heading of the form, and return the completed pocket of forms, with x-rays, to the VA office from which the authorization was received.

NOTE: It is desired to emphasize that Dental Personnel in the office which issued your authorization will gladly furnish any additional assistance you may require.

VETERANS ELIGIBLE FOR FEE BASIS CARE

As provided by basic law and regulations, a veteran to be eligible for Fee Basis dental care under the Veterans Administration's program must have been discharged under conditions other

than dishonorable, have served for a minimum of ninety days unless discharged sooner for reasons of disability incurred in service, and must, in addition, fall within one of the following three categories:

1. Have a dental condition clearly traceable to his service in the Armed Forces.

2. Have a dental condition that is adjunct to a service connected medical disability.

3. Be pursuing a course of training, either institutional or on-the-job, under Public Law 16, 78th Congress, and where the lack of needed dental care would clearly hinder or hamper the veteran in the continuance or completion of his course.

NOTE: Basic laws and regulations under which the Veterans Administration functions provide only for the treatment on a fee basis of dental conditions adjudicated as incurred in or aggravated by service in the Armed Forces. Accordingly, any dental condition held by the Veterans Administration to be non-service connected may *not* be corrected at the expense of the Veterans Administration. It is desired to emphasize that basic laws and regulations do *not* extend dental treatment to dependents of veterans.

NEWS OF THE BRANCHES

(Continued from page 12)

and Bob Placek were winners of golf prizes. Eating a "sub par" in the dining room were Joe Ulis, Casimer Rogalski, Glenn Cartwright and John Gates. . . . Do not let shyness or modesty prevent you from calling me. It's your column, boys! Pensacola 5400! Thanks! See you again!—*John M. Gates, Branch Correspondent.*

RETROSPECTION

(Continued from page 8)

for the continued excellent performance of the plan. This age change does not in any way affect any of the liberal benefits of policies now in force or those to be issued at a later date. The same broad contractual provisions remain unchanged and the continuance of coverage is to the premium due date following attainment of age 70.

The savings in premium payments to those members insured in this program amounts to over \$75,000.00 per year in the aggregate. Through wholesale buying power and the economies of the group method of operation the plan of disability insurance performs the miracle of providing much better protection at much lower cost. It is not a high pressure scheme to sell insurance, but an opportunity for members of our Society to secure broader accident, sickness and surgical benefits at a reduction in premium of 30 per cent or more over an individual policy offering protection which is not as liberal.

The summation of our experience thus far has conclusively proven that the adoption of this insurance program is a most worthwhile addition to the many

desirable benefits that are to be obtained through your membership in this Society. We recommend this plan to all active members as its merits deserve your careful consideration.

LOST MOTION

(TIME)

is costly to your
practice

So much lost motion exists in the average dental office that in an 8 hour day, the Dentist is fortunate to have 4 hours productive time. This is an established fact hard to believe unless you've kept accurate time records. BUT through EFFICIENT MANAGEMENT and IMPROVED PROCEDURES YOU CAN INCREASE YOUR PRODUCTIVE TIME considerably. This can be accomplished through the Bosworth Plan of Practice Management. Write today for the facts.

YOU DON'T HAVE TO PRACTICE WITHOUT A MOULD GUIDE

● we sell profitable practice

Tip

What we know about your laboratory as a contributing factor to the profit in your practice, we learned from round table discussions with our dentist-customers. These meetings (which have been a regular part of our business for the past 12 years) have resulted in a unification of procedure and the development of techniques designed to make chair time productive.

Kennedy service is as interesting as it is unique. It is proof conclusive that there is an economic objective in which the dentist and his laboratory have a common interest. More profit in less time is an achievement of dentist-laboratory study. Complete information about our round table sessions and our service will be supplied promptly on request. Call Kennedy.
